Policy Consultation & Review

This policy is available on our school website and is available on request from the school office.

We recognise the expertise our staff builds by undertaking safeguarding training and managing safeguarding concerns on a daily basis. We therefore invite staff to contribute to and shape this policy and associated safeguarding arrangements.

The policy is provided to all staff at induction alongside our Staff Code of Conduct. In addition, all staff are provided with Part One of the statutory guidance 'Keeping Children Safe in Education', DfE (2016).

This policy will be reviewed in full by the Governing Body on an annual basis. This policy was last reviewed and agreed by the Governing Body on [insert date]. It is due for review on [insert date].

'Keeping Children Safe in Education', DfE (2016)

The model policy was revised in September 2016 to reflect the changes in national guidance as a consequence of the publication of revisions to 'Keeping Children Safe in Education'. This guidance became statutory on 5 September 2016 and all schools and colleges must have regard to it when carrying out their duties to safeguard and promote the welfare of children.

In accordance with the guidance, governing bodies and proprietors of independent schools and colleges should ensure that the school or college's safeguarding policy is:

- *publicly available via the school website or by other means;*
- *provided to all staff at induction along with a staff code of conduct.*

Governing Bodies and Proprietors should also ensure that all staff have read Part One and Annex A of 'Keeping Children Safe in Education' and that there are mechanisms in place to assist staff to understand and discharge their role and responsibilities as set out in Part One of this guidance.

The revised guidance also states that Governing bodies and proprietors should provide staff with the opportunity to contribute to and shape safeguarding arrangements and child protection policy. It is recommended that schools and colleges consult staff on proposed changes to the safeguarding policy and seek their views on how arrangements could be further strengthened.

Guidance on Writing a Safeguarding Policy

Sections 157 and 175 of the Education Act 2002 place a statutory duty on governing bodies of maintained schools and proprietors of independent schools, free schools and academies to have arrangements in place to ensure that they safeguard and promote the welfare of children. As part of these arrangements schools need to have a safeguarding and child protection policy and procedures in place which are followed by all staff and volunteers, reviewed annually by the Governing Body and adhere to statutory requirements and Local Authority guidance.

The following model policy is designed to provide a framework for your school's policy. It should be adapted to make it relevant to your setting and any particular local safeguarding issues you may be

dealing with. School-specific information should be added e.g. information about the curriculum and the school's monitoring and evaluation procedures

This policy has also been amended to include advice for practitioners updated by the DfE as follows:

What to do if you're worried a child is being abused, DfE (March 2015)

Information Sharing: Advice for practitioners, DfE (March 2015)

1 INTRODUCTION

- 1.1 This policy has been developed to ensure that all adults in St Matthew's C of E Primary School are working together to safeguard and promote the welfare of children and young people.
- 1.2 This policy describes the management systems and arrangements in place to create and maintain a safe learning environment for all our children, young people and staff. It identifies actions that should be taken to redress any concerns about child welfare.
- 1.3 The Headteacher/Manager or, in their absence, the authorised member of staff, has the ultimate responsibility for safeguarding and promoting the welfare of children and young people.
- 1.4 Safeguarding and promoting the welfare of children and young people goes beyond implementing basic child protection procedures. It is an integral part of all activities and functions of St Matthew's C of E Primary School. This policy complements and supports other relevant St Matthew's C of E Primary School and Local Authority policies.
- 1.5 Under the Education Act 2002 St Matthew's C of E Primary Schools/settings have a duty to safeguard and promote the welfare of their pupils and, in accordance with guidance set out in 'Working Together to Safeguard Children 2015', St Matthew's C of E Primary School will work in partnership with other organisations where appropriate to identify any concerns about child welfare and take action to address them.

2 ETHOS

- 2.1 St Matthew's C of E Primary School aims to create and maintain a safe learning environment where all children and adults feel safe, secure and valued and know they will be listened to and taken seriously.
- 2.2 The Continuum of Needs and Response and the Early Help Assessment is embedded into everyday practice and procedures when responding to children's need. The children have access to appropriate curriculum opportunities, including emotional health and well being, to support the development of the skills needed to help them

stay safe and healthy, develop their self-esteem and understand the responsibilities of adult life, particularly in regard to child care and parenting skills.

2.3 Access to cross-curricular activities will provide opportunities to develop self-esteem and self-motivation and to help pupils respect the rights of others, particularly those groups who may be considered a minority.

2.4 **Everyone who comes into contact with children and their families has a role to play in safeguarding children. We recognise that staff at St Matthew's C of E Primary School play a particularly important role as they are in a position to identify concerns early and provide help for children to prevent concerns from escalating. All staff are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members must always act in the best interests of the child.**

2.5 **At all times we will work in partnership and endeavour to establish effective working relationships with parents, carers and colleagues from other agencies in line with Working Together to Safeguard Children (2015) and Trafford Safeguarding Children Board's procedures.**

3 THE CURRICULUM

3.1 All children have access to an appropriate curriculum, differentiated to meet their needs. This enables them to learn to develop the necessary skills to build self-esteem, respect others, defend those in need, resolve conflict without resorting to violence, question and challenge and to make informed choices in later life.

3.2 Children and young people are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote respect and empathy for others. There is access to information and materials from a diversity of sources which promote social, spiritual and moral well-being and physical and mental health.

3.3 Personal Health and Social Education, Citizenship and Religious Knowledge lessons will provide opportunities for children and young people to discuss and debate a range of subjects including lifestyles, forced marriage, family patterns, religious beliefs and practices and human rights issues.

3.4 All pupils will know that there are adults in the St Matthew's C of E Primary School whom they can approach in confidence if they are in difficulty or feeling worried and that their concerns will be taken seriously and treated with respect.

3.5 Governing bodies and proprietors should ensure children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social, health and economic education (PSHE), tutorials (in FE colleges) and/or – for maintained St

Matthew's C of E Primary Schools and colleges – through sex and relationship education (SRE).

4 KEEPING RECORDS

4.1 St Matthew's C of E Primary School will keep and maintain up to date information on children on the St Matthew's C of E Primary School roll including where and with whom the child is living, attainment, attendance, referrals to and support from other agencies and any other significant event in a child's life.

Ensuring that all child protection records are kept confidentially and securely and are separate from pupil records until the child's 25th birthday, Child Protection information must be copied and sent under separate cover to new St Matthew's C of E Primary School/college whilst the child is still under 18 (i.e. the information does not need to be sent to a university for example). All this information must be redacted so the names of third parties are not stated. Where Child Protection records are passed on to another St Matthew's C of E Primary School/education setting/ then a receipt must be provided by the receiving St Matthew's C of E Primary School/education.

4.2 St Matthew's C of E Primary School keep and maintain information relevant to a child's SEND are kept confidentially and securely within SEND folders. These are locked within the Library area. Children's personal folders are locked within the Pastoral office and used for keeping and maintaining any other information relevant to a child's pastoral care; for example letters from home, completed SDQs and behaviour / incident records. Curriculum and assessment information is kept and maintained in relevant classrooms, and handed up to new teachers each academic year. Class teachers are responsible for regularly maintaining and updating SEND, Pastoral, Curriculum and Assessment folders for children in their class.

4.3 CPOMS (Child Protection Online Management System) was introduced in 2016, to securely keep and monitor, electronic records relating to Child Protection, Safeguarding and Pastoral welfare for all children. Access to the system is restricted, encrypted and password protected to different levels, for different members of staff. All staff (teaching and support staff) should record any concerns on CPOMS, alerting the members of the safeguarding team and other relevant members of staff who need to be aware for safeguarding purposes.

4.4 SIMS (Student Information Management System) is used to record and store information about children. Office staff are responsible for updating and maintaining this, with support from class teachers where needed. Class teachers are responsible for ensuring that SIMS is closed on all computers, once the register has been completed, and saved, in the morning and afternoon.

The training will also include information about whistle-blowing in respect of concerns about another adult's behaviour and suitability to work with children. Staff will also receive on-line safety training as this is part of the overarching safeguarding approach of our St Matthew's C of E Primary School.

At St Matthews CofE Primary School, Level 1 Safeguarding Training is delivered to all staff annually, within school. Governors and volunteers are also invited to attend this training. - 9.6 Our governing body will also undertake appropriate training to ensure they are able to carry out their duty to safeguard all of the children at our St Matthew's C of E Primary School

10 RECORDING AND REPORTING CONCERNS

10.1 All staff, volunteers and visitors have a responsibility to report any concerns about the welfare and safety of a child and all such concerns must be taken seriously (Appendix B). If a concern arises all staff, volunteers and visitors must:

- Speak to the Designated Safeguarding Leads (Mr T Johnson and/or Mrs S Cavanagh) or the person who acts in their absence
- Agree with this person what action should be taken, by whom and when it will be reviewed
- Record the concern using the St Matthew's C of E Primary School's safeguarding recording systems.
- All concerns about a child or young person should be reported **without delay** and recorded in writing using the St Matthew's C of E Primary School's agreed template

10.2 We recognise that children are also vulnerable to physical, sexual and emotional abuse by their peers or siblings. This is most likely to include, but not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting. Abuse perpetrated by children can be just as harmful as that perpetrated by an adult, so it is important to remember the impact on the victim of the abuse as well as to focus on the support for the child or young person exhibiting the harmful behaviour. Such abuse will always be taken as seriously as abuse perpetrated by an adult and the same [safeguarding children procedures](#) will apply in respect of any child who is suffering or likely to suffer significant harm; staff must never tolerate or dismiss concerns relating to peer on peer abuse

10.3 We recognise that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges and these are discussed in staff training. These additional barriers can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;

- children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

10.4 At St Matthew's C of E Primary School we recognise that our staff are well placed to identify concerns and take action to prevent children from becoming victims of Female Genital Mutilation (FGM) and other forms of so-called 'honour-based' violence (HBV) and provide guidance on these issues through our safeguarding training. If staff have a concern regarding a child that might be at risk of HBV they should inform the DSL who will activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children's social care.

Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on teachers. Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. We will provide guidance and support to our teachers on this requirement and further information on when and how to make a report can be found in the following Home Office guidance: '[Mandatory Reporting of Female Genital Mutilation - procedural information](#)' (October 2015).

10.5 We recognise that safeguarding against radicalisation and extremism is no different to safeguarding against any other vulnerability in today's society. At St Matthew's C of E Primary School, we will ensure that:

- Through training, staff, volunteers and governors have an understanding of what radicalisation and extremism is, why we need to be vigilant in St Matthew's C of E Primary School and how to respond when concerns arise.
- There are systems in place for keeping pupils safe from extremist material when accessing the internet in our St Matthew's C of E Primary School by using effective filtering and usage policies.
- The DSL has received Prevent training and will act as the point of contact within our St Matthew's C of E Primary School for any concerns relating to radicalisation and extremism.
- The DSL will make referrals in accordance with Trafford Channel Procedures and will represent our St Matthew's C of E Primary School at Channel meetings as required.
- Through our curriculum, we will promote the spiritual, moral, social and cultural development of pupils.

11 INFORMING PARENTS/CARERS

11.1 Our approach to working with parents/carers is one of transparency and honesty and our responsibility is to safeguard and promote the welfare of all the children in our care. We aim to do this in partnership with our parents/carers. In most cases parents and carers will be informed when concerns are raised about the safety and

welfare of their child. Parents and carers should be given the opportunity to address any concerns raised.

- 11.2 Parents and carers will be informed if a referral is to be made MARAT or any other agency.
- 11.3 Parents/carers will not be informed if it is believed that by doing so would put the child at risk. In such cases the Designated Safeguarding Lead or Headteacher will seek advice from MARAT.

12 DOMESTIC ABUSE

- 12.1 The St Matthew's C of E Primary School is aware that children and young people's development, as well as their social and emotional resilience, is affected by many factors including exposure to domestic abuse within the family situation and is a safeguarding issue.
- 12.2 Children and young people react to domestic abuse in similar ways to other types of abuse and trauma.
- 12.3 Information about Domestic Abuse and its effect upon children and young people will be incorporated into staff Safeguarding and Child Protection training and briefings and the St Matthew's C of E Primary School's Safeguarding and Child Protection's Policies and Procedures will be used to protect children and young people exposed to, and at risk from, domestic abuse.
- 12.4 Any child or young person thought to be at immediate risk will be reported without delay to MARAT or the Emergency Duty Team will be contacted as soon as possible.

13 FORCED MARRIAGE

- 13.1 The St Matthew's C of E Primary School is sensitive to differing family patterns and lifestyles and child-rearing patterns that vary across different racial, ethnic and cultural groups. Forced marriage is a form of child, adult and domestic abuse and, in line with statutory guidance, is treated as such by this St Matthew's C of E Primary School. Child abuse cannot be condoned for religious or cultural reasons.
- 13.2 Information about Forced Marriage will be incorporated into staff Safeguarding and Child Protection training and briefings and the St Matthew's C of E Primary School's Safeguarding and Child Protection Policies will be used to protect a victim or potential victim of forced marriage.
- 13.4 If a case of forced marriage is suspected, parents and carers will not be approached or involved about a referral to any other agencies.

14 CHILD PROTECTION CONFERENCES AND CORE GROUP MEETINGS

- 14.1 Members of staff are likely to be asked to attend a child protection conference or other relevant core group meetings about an individual pupil and will need to have as much relevant updated information about the child as possible. A child protection conference will be held if it is considered that the child/children are suffering or at risk of significant harm.
- 14.2 All reports for a child protection conference should be prepared in advance of the meeting and will include information about the child's physical, emotional, intellectual development and well-being as well as relevant family related issues. This information will be shared with the parents/carers.

15 SAFER WORKING PRACTICE

- 15.1 The St Matthew's C of E Primary School/college expects staff and volunteers to set a good example to pupils through their own conduct and behaviour and aims to protect them from the risk of allegations being made against them by ensuring they maintain high standards of professionalism and appropriate boundaries.
- 15.2 The head teacher/principal will ensure that there is a written code of conduct in place and that each member of staff, including volunteers, signs a code of conduct agreement on appointment that sets out the St Matthew's C of E Primary School/college expectations with regards to standards of professional behaviour and that all staff receive copies of relevant policies.
- 15.3 Staff and volunteers should be aware of current guidance on safe teaching practice contained in [Guidance for Safer Working Practices for Adults who work with Children and Young People in Education Settings'](#) (October 2015).

16 SAFER USE OF THE INTERNET AND DIGITAL TECHNOLOGY (including Early Years provision)

- 16.1 St Matthew's C of E Primary School recognise that in a modern learning environment, use of the Internet, multimedia devices and digital imaging facilities are part of everyday requirements. However a child/young person's safety will remain the priority of the St Matthew's C of E Primary School.
- 16.2 All staff are aware that any items that have capability for use of the Internet or the creation of digital images (including mobile phones) must be used by children/young people under appropriate supervision. If any such item that belongs to a member of staff is brought onto the St Matthew's C of E Primary School site, it is the responsibility of that staff member to ensure that these items contain nothing of an inappropriate nature.

- 16.3 Children/young people are not permitted to directly access items that do not belong to the St Matthew's C of E Primary School.
- 16.4 If there is any suspicion that any multimedia device or computer contains any images or content of an inappropriate nature, the Head teacher or DSL should be informed immediately.
- 16.5 Whilst it is essential that governing bodies and proprietors ensure that appropriate filters and monitoring systems are in place; they should be careful that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

Use of mobile phones

Mobile phones have a place in settings, especially when on outings. They are often the only means of contact available in settings and can be helpful in ensuring children are kept safe.

- Only use mobile phones appropriately, and ensure staff have a clear understanding of what constitutes misuse and know how to minimise the risk.
- Ensure the use of a mobile phone does not detract from the quality of supervision and care of children.
- Ensure all mobile phone use is open to scrutiny.
- Ensure staff are vigilant and alert to any potential warning signs of the misuse of mobile phones.
- Ensure staff are responsible for their own behaviour regarding the use of mobile phones and should avoid putting themselves into compromising situations, which could be misinterpreted and lead to potential allegations.
- Ensure the use of mobile phones on outings is included as part of the risk assessment, for example, how to keep personal numbers that may be stored on the phone safe and confidential.

Work mobiles

To protect children we will ensure that the work mobile:

- Is only used by allocated people.
- Is protected with a password and clearly labelled.
- Is stored securely when not in use.
- Is not used in areas such as toilets, changing rooms, nappy changing areas and sleep areas.
- If used for taking photographs, the images are deleted regularly and written parent/carer permission obtained.

Personal mobiles

To protect children we will ensure that personal mobiles:

- Are stored securely [say where] and will be switched off or on silent whilst staff are on duty.

- Are not used to take pictures of the children attending the setting.
- Will not be used to take photographs, video or audio recordings in our setting.
- Are not used to contact parents or children except in the event of an emergency.
- Visitors not to use on entering the setting.
- Older children have signed consent from their parents giving permission for the child to have a mobile and agreeing that they will stored securely and be switched off or on silent whilst in the setting.

Cameras: Photography and Images

The vast majority of people who take or view photographs or videos of children do so for entirely innocent, understandable and acceptable reasons. However, due to cases of abuse to children through taking or using images, we must ensure that we have safeguards in place.

To protect children we will:

- Obtain parents' and carers' consent for photographs to be taken used for or published (for example, on our website or displays).
- Ensure the St Matthew's C of E Primary School's designated camera is only used in the St Matthew's C of E Primary School and any images taken will not be emailed as it may not be secure. (In some instances, it may be required to seek parental permission to email images, but the potential risks must be made clear to parents).
- Ensure that children are appropriately dressed, and only use the child's first name with an image.
- Ensure that personal cameras are not used to take photographs, video or audio recordings in our St Matthew's C of E Primary School without prior explicit written consent from the St Matthew's C of E Primary School, for example, for a special event, such as a Christmas play.
- Ensure that all images are stored securely and password protected. Where images are stored the setting will register with the Information Commissioners Office (ICO), in accordance with data protection laws.
- Ensure where professional photographers are used DBS's, references and parental consent will be obtained prior to photographs being taken.
- Ensure 'acceptable use' rules regarding the use of cameras by children are embedded in practice.
- Ensure the use of cameras is closely monitored and open to scrutiny

Social Networking Sites

Social Networking sites are part of everyday culture within the cyber environment and all staff will promote safe use of the internet to all children/young people. The St Matthew's C of E Primary School curriculum will include the input of appropriately trained personnel around Internet Safety and safe use of media items. Staff will ensure that any personal use of Social Networking sites does not in any way impinge upon the St Matthew's C of E Primary School or their professional standards. Any concerns regarding a staff member's conduct should be brought to the immediate attention of the Head teacher or the DSL.

Any attempt by a child/young person to contact staff via such internet sites will immediately be reported to the Head teacher or DSL in order that appropriate advice can be given to the child/young person and their parents/carers regarding professional boundaries and the safety of the child/young person.

Sexting

'Sexting' is one of a number of 'risk-taking' behaviours associated with the use of digital devices, social media or the internet. It is accepted that young people experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated. However St Matthew's C of E Primary School takes a pro-active approach in its ICT and Enrichment programmes to help students to understand, assess, manage and avoid the risks associated with 'online activity'. The St Matthew's C of E Primary School recognises its duty of care to its young people who do find themselves involved in such activity as well as its responsibility to report such behaviours where legal or safeguarding boundaries are crossed.

There are a number of definitions of 'sexting' but for the purposes of this policy sexting is simply defined as:

- Images or videos generated by children under the age of 18, or
- of children under the age of 18 that are of a sexual nature or are indecent.
- These images are shared between young people and/or adults via a mobile phone, hand held device, computer, 'tablet' or website with people they may not even know.

There are many different types of sexting and it is likely that no two cases will be the same. It is necessary to carefully consider each case on its own merit. However, it is important that St Matthew's C of E Primary School applies a consistent approach when dealing with an incident to help protect young people and the St Matthew's C of E Primary School. For this reason the Designated Safeguarding Lead needs to be informed of any 'sexting' incidents. The range of contributory factors in each case also needs to be considered in order to determine an appropriate and proportionate response. All colleagues are expected to be aware of this policy.

Guidance has been issued by the UK Council for Internet Safety (August 2016)

Sexting in schools
and colleges UKCCIS.

17. POSITION OF TRUST

All St Matthew's C of E Primary School staff are aware that inappropriate behaviour towards children is unacceptable and that their conduct towards all children must be beyond reproach. In addition, staff should understand that, under the Sexual Offences Act 2003, it is an offence for a person over the age of 18 to have a sexual relationship with a person under the age of 18, where that person is in a position of trust, even if the relationship is consensual. This means that any sexual activity between a member of the St Matthew's C of

E Primary School staff and a child under 18 may be a criminal offence, even if that child is over the age of consent.

18. MANAGING ALLEGATIONS AND CONCERNS AGAINST STAFF AND VOLUNTEERS

- 18.1 The St Matthew's C of E Primary School follows the procedures recommended by the TSCB when dealing with allegations made against staff and volunteers.
- 18.2 All allegations made against a member of staff and volunteers, including contractors or security staff working on site, will be dealt with quickly and fairly and in a way that provides effective protection for the child while at the same time providing support for the person against whom the allegation is made.
- 18.3 Training from TSCB is available three times a year – 'Safer recruitment and managing allegations of professional abuse, multi-agency course' – please see TSCB website.

18.4 We will take all possible steps to safeguard our children and to ensure that the adults in our St Matthew's C of E Primary School are safe to work with children. We will always ensure that the procedures outlined in <http://www.tscb.co.uk/procedures/allegations-of-abuse-made-against-adults-who-work-with-children-and-young-people.aspx> and Part 4 of 'Keeping Children Safe in Education', DfE (2016) are adhered to and will seek appropriate advice from the Local Authority Designated Officer (LADO). The LADO can be contacted via e-mail anita.hopkins@trafford.gov.uk or by phone 912 5024/MARAT 912 5215

18.5 If an allegation is made or information is received about any adult who works in our setting which indicates that they may be unsuitable to work with children, the member of staff receiving the information should inform the Headteacher immediately. This includes concerns relating to agency and supply staff and volunteers. Should an allegation be made against the Headteacher, this will be reported to the Chair of Governors and the LADO. In the event that neither the Headteacher nor Chair of Governors is not contactable on that day, the information must be passed to and dealt with by either the member of staff acting as Headteacher or the Vice Chair of Governors.

N.B: For St Matthew's C of E Primary Schools where the Headteacher is also the sole proprietor of an independent St Matthew's C of E Primary School, the policy should read:
In the event of allegations of abuse being made against the Headteacher, allegations should be reported directly to the designated officer(s) at the local authority. The LADO can be contacted on 0161 9125024 or MARAT 0161 9125125.

18.6 The Headteacher or Chair of Governors will seek advice from the LADO within one working day. No member of staff or the governing body will undertake further investigations before receiving advice from the LADO.

18.7 Any member of staff or volunteer who does not feel confident to raise their concerns with the Headteacher or Chair of Governors should contact the LADO directly on 0161 9125010

18.8 The St Matthew's C of E Primary School has a legal duty to refer to the Disclosure and Barring Service anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our St Matthew's C of E Primary School, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR.

19 COMPLAINTS OR CONCERNS BY PUPILS, STAFF OR VOLUNTEERS

19.1 Any concern or expression of disquiet made by a child will be listened to seriously and acted upon as quickly as possible to safeguard his or her welfare.

We will make sure that the child or adult who has expressed the concern or made the complaint will be informed not only about the action to be taken but also where possible about the length of time required to resolve the complaint. We will endeavour to keep the child or adult informed about the progress of the complaint/expression of concern.

20 SERIOUS CASE REVIEWS

The Trafford Safeguarding Children Board will always undertake a serious case review when a child or young person dies (including death by suicide) and abuse or neglect is known or suspected to be a factor in their death. The purpose of the serious case review is to:

- a. Find out if there are any lessons to be learnt from the case about how local professionals and agencies work together to safeguard and promote the welfare of children and young people.
- b. Identify what those lessons are, how they will be acted on and what is expected to change as a result of the serious case review.
- c. Improve inter-agency working to better safeguard and promote the welfare of children and young people.
- d. If required St Matthew's C of E Primary School will provide an individual management report for a serious case review and will cooperate fully with implementing outcomes of the review including reviewing policy, practice and procedures as required.

21 Disqualification by association

The school will implement the Childcare (Disqualification) Regulations 2009 by ensuring that staff who are disqualified by association because they live in the same household as a person disqualified under the Childcare Act 2006 are not able to work in an early years setting within the school and will ask the staff member to complete an annual declaration form which will be used to assess their suitability to work with children. A copy of the declaration is below

Childcare
Disqualification Requi

To do this the St Matthew's C of E Primary School will follow the statutory guidance "Disqualification under the Childcare Act 2006":

[Disqualification under the Childcare Act 2006 - Publications - GOV.UK](#)

Further Information on Safeguarding and Safeguarding Policies can be found on the TSCB Website at www.tscb.co.uk

Trafford Local Authority's HR Fair Recruitment Policy states that St Matthew's C of E Primary Schools should seek an enhanced DBS and barred list check for those volunteers who:

- Frequently partake in regulated activity with children and young people
- Who are undertaking volunteering activity in an unsupervised capacity

Governors

As of September 1st 2016, schools must obtain an enhanced DBS and barred list check for all governors.

Governance is not a regulated activity and so they do not need a barred list check unless, in addition to their governance duties, they also engage in regulated activity."

If governors volunteer or carry out other duties that would be deemed as regulated activity then the appropriate checks must be applied.

Appendix Two

All St Matthew's C of E Primary School and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

Recognising signs of child abuse

Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse
- Neglect

Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation.

Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm

- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/s
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

Recognising Physical Abuse

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a "cry for help" and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

Bruising

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby

- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type

- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

Recognising Emotional Abuse

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-St Matthew's C of E Primary School children
- Low self- esteem and lack of confidence
- Withdrawn or seen as a "loner" – difficulty relating to others

Recognising Signs of Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child's age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self- mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area

- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation.

This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. it may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

Assessment

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
 - Understanding that is proposed based on age, maturity, development level, functioning and experience
 - Knowledge of society’s standards for what is being proposed
 - Awareness of potential consequences and alternatives

- Assumption that agreements or disagreements will be respected equally
- Voluntary decision
- Mental competence

- **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide.

Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsible with no apparent medical cause
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

Child Sexual Exploitation

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in their dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are

- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

CSE guidance (February 2017) now includes the following definition for CSE:

Statutory definition of Child Sexual Exploitation

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Appendix Three

Forced Marriage (FM)

This is an entirely separate issue from arranged marriage. It is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistle-blowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party.

Female Genital Mutilation (FGM)

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

What is FGM?

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

4 types of procedure:

Type 1 Clitoridectomy – partial/total removal of clitoris

Type 2 Excision – partial/total removal of clitoris and labia minora

Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

Is FGM legal?

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

Circumstances and occurrences that may point to FGM happening

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from St Matthew's C of E Primary School and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

'Mandatory Reporting of Female Genital Mutilation - procedural information', Home Office (October 2015)

The 'One Chance' rule

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings /St Matthew's C of E Primary Schools/colleges take action **without delay**.

The Serious Crime Act 2015 strengthened further the legislation on FGM and now includes:

- the right to anonymity for victims
- the offence of failing to protect a girl aged under 16 from the risk of FGM
- the provision of Female Genital Mutilation Protection Orders (FGMPO); and
- the duty on professionals (including teachers) to notify police when they discover that FGM appears to have been carried out on a girl under 18.
 - NB For St Matthew's C of E Primary School staff this will occur from a disclosure and not a physical examination

Radicalisation

St Matthew's C of E Primary School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or Far Right/Neo Nazi/White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups and extremist Animal Rights movements.

St Matthew's C of E Primary Schools have a statutory duty in the following areas with the aim of safeguarding pupils from radicalisation, extremism and terrorism:

- Assessing the risk of pupils being drawn into terrorism, including support for the extremist ideas that are part of terrorist ideology.
- Demonstrating that robust safeguarding policies are in place to identify children at risk, and intervening as appropriate (by referring pupils to Channel or MARAT, for example.)
- Ensuring that clear protocols are in place so that any visiting speakers are suitable and appropriately supervised within St Matthew's C of E Primary School.
- Ensuring that fundamental British values are promoted within the curriculum and extra-curricular activities and reflected in the general conduct of the St Matthew's C of E Primary School.
- Ensuring that safeguarding arrangements take into account the procedures and practice of the local authority as part of the inter-agency safeguarding procedures set up by the Trafford Safeguarding Children Board (TSCB). This policy describes procedures which are in accordance with government guidance and refers to locally agreed inter-agency procedures put in place by the TSCB.
- Training key staff to give them the knowledge and confidence to identify children at risk of being drawn into terrorism and challenge extremist ideas. They should know where and how to refer children and young people for further help. Prevention work and reductions of risk will include the RE curriculum, SEND policy, assembly policy, the use of school premises by external agencies, integration of pupils by gender and SEN, anti-bullying policy and other issues specific to the school's profile, community and philosophy.
- Protecting children from terrorist and extremist material when accessing the internet in St Matthew's C of E Primary School, including by establishing appropriate levels of filtering.
- We also recognise that safeguarding against radicalisation and extremism is no different to safeguarding against any other vulnerability in today's society.

Information Sharing 2015

In March 2015, the government published revised guidance: Information Sharing 2015. Many professionals are wary about sharing information and are concerned about breaching the Data Protection Act. This document is quite clear about sharing information and encourages practitioners to balance the risk of sharing with the risk of not sharing.

Everyone working with children must know the signs and symptoms of abuse and understand under what circumstances they are allowed to share information. Lord Laming emphasised that the safety and welfare of children is of paramount importance and highlighted the importance of practitioners feeling confident about when and how information can be legally shared.

Seven golden rules to sharing information

1. Remember that the Data Protection Act 1998 and human rights law are not barriers to justified information sharing, but provide a framework to ensure that personal information about living individuals is shared appropriately.
2. Be open and honest with the individual (and/or their family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek their agreement, unless it is unsafe or inappropriate to do so.
3. Seek advice from other practitioners if you are in any doubt about sharing the information concerned, without disclosing the identity of the individual where possible.
4. Share with informed consent where appropriate and, where possible, respect the wishes of those who do not consent to share confidential information. You may still share information without consent if, in your judgement, there is good reason to do so, such as where safety may be at risk. You will need to base your judgement on the facts of the case. When you are sharing or requesting personal information from someone, be certain of the basis upon which you are doing so. Where you have consent, be mindful that an individual might not expect information to be shared.
5. Consider safety and well-being: Base your information sharing decisions on considerations of the safety and well-being of the individual and others who may be affected by their actions.
6. Necessary, proportionate, relevant, adequate, accurate, timely and secure: Ensure that the information you share is necessary for the purpose for which you are sharing it, is shared only with those individuals who need to have it, is accurate and up-to-date, is shared in a timely fashion, and is shared securely (see principles)
7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share, then record what you have shared, with whom and for what purpose.

A 'Good' School

The leadership, staff and governing body are committed to a safe school which promotes the well-being and welfare of all its pupils, staff and visitors and the following is embedded into its vision, culture and practices:

ETHOS AND ENVIRONMENT

- The environment is welcoming and pleasant and pupils, staff and visitors are greeted appropriately.
- The school/setting has pleasant and welcoming dining areas and encourages healthy eating.
- Achievements and progress are regularly celebrated and pupils have high expectations of themselves and others and understand that long-term goals are worth working for.
- Pupils feel valued and are open and confident in their relationships with staff and one another.
- Pupil's work is displayed and changed regularly.

PRACTICES AND PROCEDURES

- The school has a 'Safeguarding Policy' which all staff understand and practices are fully implemented.
- Behaviour Management and Anti-bullying Policies are in place and are clearly understood and followed by all.
- There are policies which we use to ensure children receive early help so that they reach their potential in all areas of their development and reduces the likelihood of a referral to children's social care. It includes information on inter-agency thresholds that provides guidance around appropriate assessment, service provision and referral information in relation to level of need.
- Appropriate Policies and Procedures are in place, understood and implemented by all staff.
- The school/setting takes account of the DDA and has made appropriate adjustments for staff and pupils.
- All staff involved in safeguarding liaises regularly to ensure continuity in the support they provide.
- The school/setting has an identified person who administers medicines.
- DBS checks are in place and regularly up-dated.
- Appropriate Risk Assessment procedures are in place and up-date

PUPIL TRACKING

- The progress and attendance of pupils in alternative provision is as carefully tracked and monitored as for other pupils.

- Pupil tracking systems are in place and used effectively to monitor and track progress and intervene as required.
- Vulnerable groups are identified and tracked for progress, attainments and attendance.
- Effective transition for pupils takes place at all stages.

STAFF TRAINING

- The Leadership and Management of St Matthew's C of E Primary School are trained in Safeguarding and is effective.
- A Senior Designated Safeguarding Lead is nominated and receives regular training and has access to appropriate supervision.
- Staff receive regular up-dated training on Safeguarding and identified staff receive higher level training as appropriate.

PUPIL ENGAGEMENT

- Pupil voice is valued and School Council is afforded respect and is involved appropriately in decision making.
- Pupils are given responsibility in supporting other pupils and are involved in routine organizational tasks and activities.
- Pupils are encouraged to participate in a variety of clubs and activities.

THE CURRICULUM

- A social and emotional learning programme is effectively implemented by all staff and pupils.
- The curriculum, organisation of teaching and learning and ethos in settings and schools contributes to teaching children and young people about safety issues, including road safety, accident prevention, substance misuse, sexual harassment, self-harm, Internet safety and building resilience.
- Staff expectations of pupil's behaviour, attendance and attainment are high.
- St Matthew's C of E Primary School has developed approaches to tackling all forms of bullying racist, homophobic, SEN and cyber-bullying via mobile phones, text, e-mails and the internet. This includes tackling issues leading to grooming and child sexual exploitation.
- There are formal and informal opportunities to praise reward and celebrate pupils behaviour and achievements in lessons, tutor groups, assemblies, dinner time, break time, before and after school, trips etc.

WORKING WITH PARENTS/CARERS AND OUTSIDE AGENCIES

- There is effective communication between the school staff, outside agencies and parents/carers.

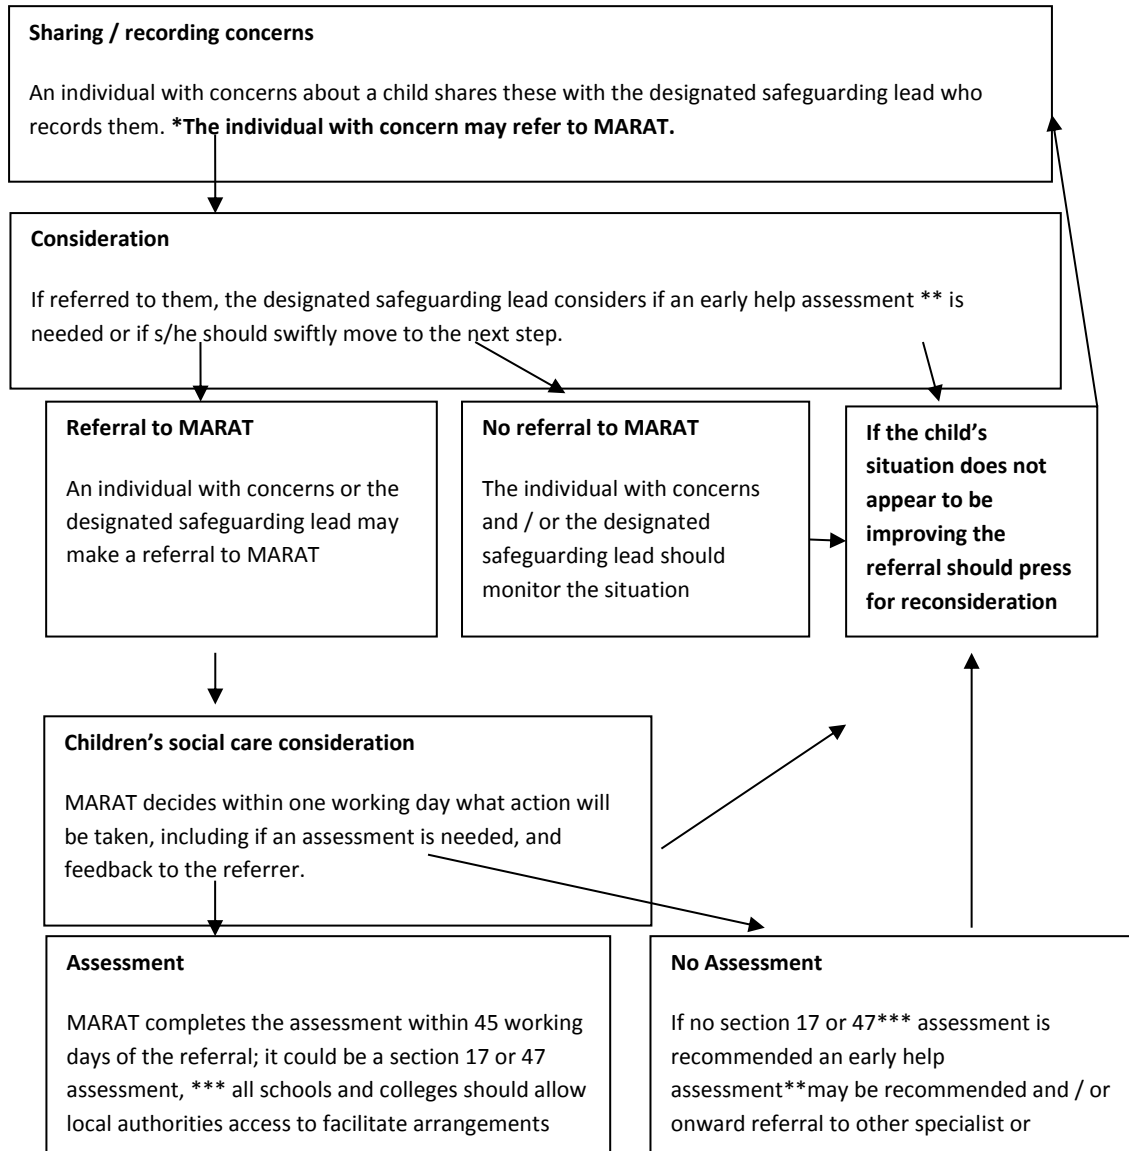

- Family intervention work is an integral part of the school's support for children and families.
- The school actively pursues all absence – they know which children are at risk of becoming/or are persistently absent – non-attendance is understood as a potential safeguarding issue.
- The school does not exclude pupils but tries to find alternative ways of supporting them.
- The school does not see pupils at risk of gang involvement or criminal activity as a 'crime and disorder issue' but as a 'children in need issue' and works closely with other partner agencies to support them.

Action when a child has suffered or is likely to suffer harm

This diagram illustrates what action should be taken and who should take it when there are concerns about a child. If, at any point, there is a risk of immediate serious harm to a child a referral should be made to children's social care immediately.

Anybody can make a referral

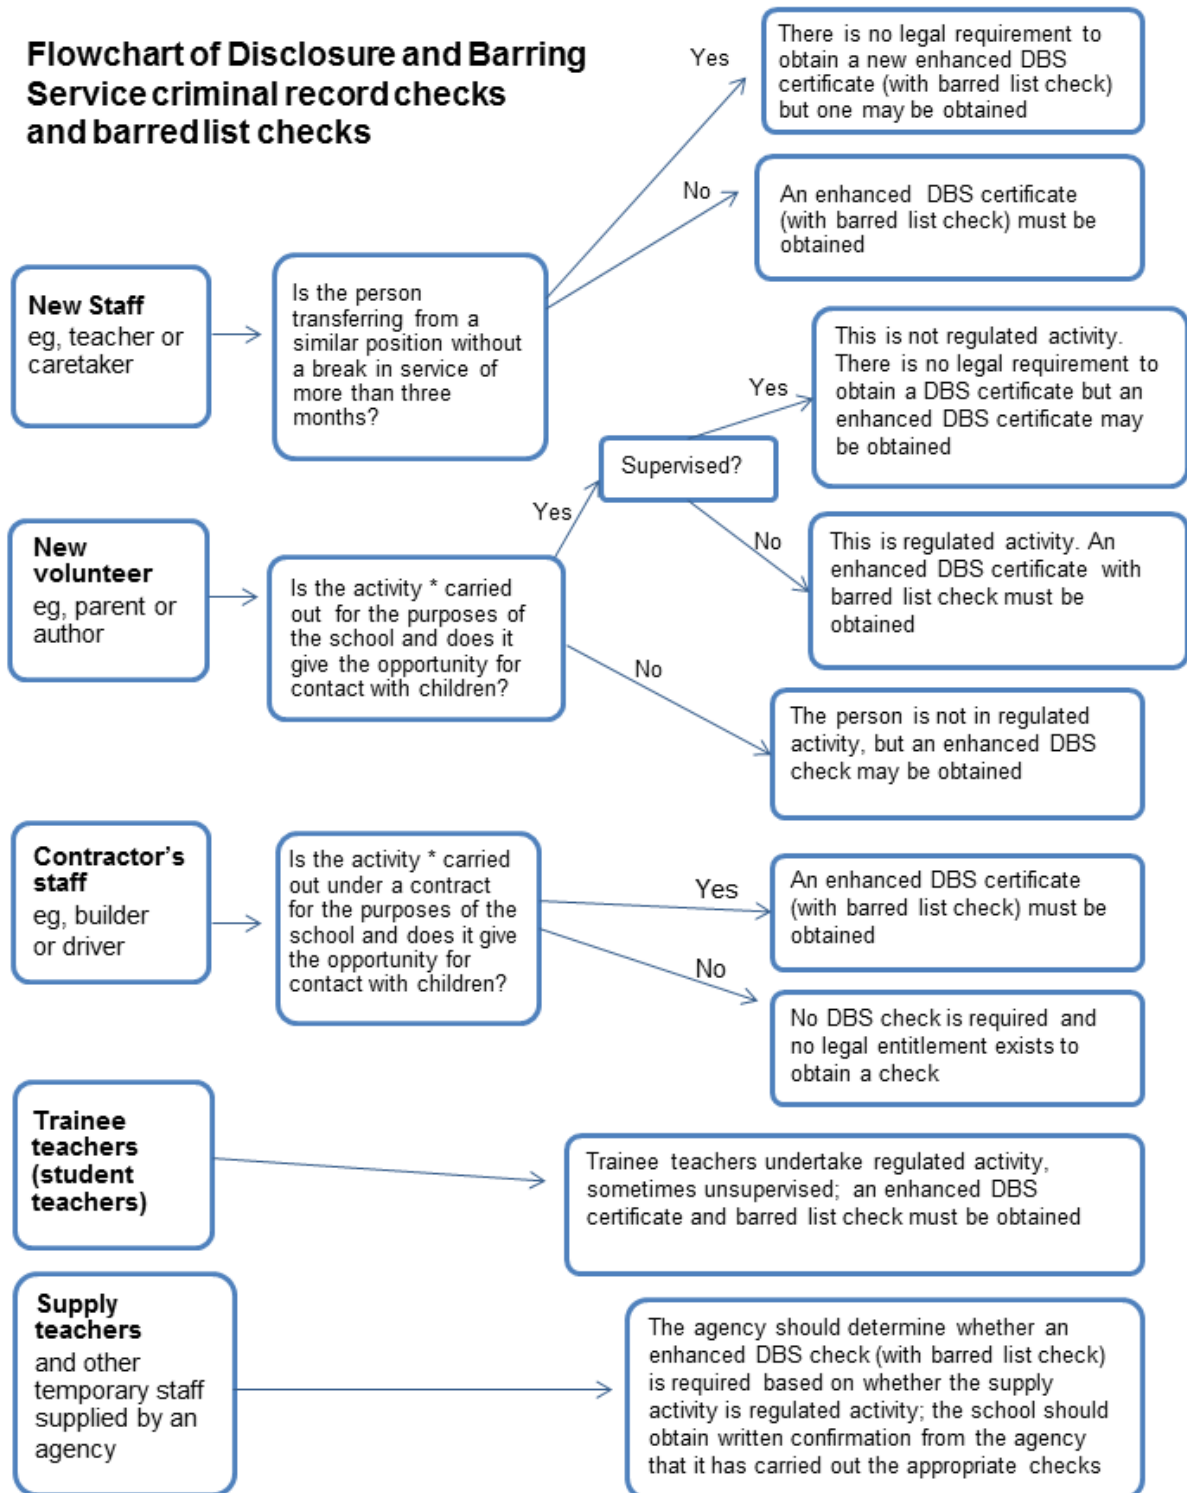

*In cases which also involve an allegation of abuse against a staff member, see part four of this guidance which explains action the St Matthew's C of E Primary School or college should take in respect of the staff member.

**Where a child and family would benefit from co-ordinated support from more than one agency (e.g. education, health, housing, police) there should be an inter-agency assessment. These assessments should identify what help the child and family require to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989. The early help assessment should be undertaken by a lead professional who could be a teacher, special educational needs co-ordinator, General Practitioner (GP), family support worker, and / or health visitor.

***Where there are more complex needs, help may be provided under section 17 of the Children Act 1989 (children in need). Where there are child protection concerns local authority services must make enquiries and decide if any action must be taken under section 47 of the Children Act 1989.

ALL STAFF AND GOVERNORS TO BE AWARE OF THE ABOVE FLOWCHART.

CPOMS Protocol

Date: March 2017

Rationale

- St Matthew's Primary School uses CPOMS to record information on pupils regarding:
 - Safeguarding
 - Child Protection
 - Behaviour
 - Attendance (where it is relevant to the above categories)
 - SEND (where it is relevant to the above categories)
- All records are confidential and staff must meet the expectations of the staff code of conduct when using CPOMS.
- By keeping accurate records of pupil information, we can make informed decisions to ensure best outcomes for pupils.
- An open culture of information sharing within St Matthew's Primary School is vital to achieving best outcomes for our pupils.
- By bringing together a broad spectrum of relevant information about pupils on CPOMS, we aim to achieve best outcomes for our pupils.

Overview

- Teachers, support staff and administration staff have a CPOMS login. **For these staff with a CPOMS login, recording an incident on CPOMS is the method that must be used to share a concern.** For all other staff a paper concern sheet must be completed and handed to the designated safeguarding lead following the guidance set out in the safeguarding policy.

Professional expectations

- All entries on CPOMS must uphold the professional standards expected of employees of the school.
- Password and other login details are confidential and must not be shared.
- Meri-lock keys must be kept safe and any loss should be reported to the headteacher or DSL immediately.
- All new teachers, support staff and administrative staff will be given a login as part of their induction.
- The record should satisfy the standards expected should the records be requested by parents/ carers, the police or for a court case.
- All records must be written verbatim and in a factual manner, including relevant details such as the member of staff, date, time and any other important information.
- Use of bullet points should be used to keep reports concise.

- No abbreviations, child protection jargon, or staff initials should be used and plain English that can be easily understood must be used throughout.
- No other children's names must be used in the entry. Use of initials and year groups is allowed.

Initiating a CPOMS incident as a cause for concern by staff

- The concerns must relate to child protection and safeguarding only.
- The concern must be added shared at the next available opportunity (break) by adding it to CPOMS.
- The above professional guidance must be followed.
- Staff must not log concerns on behalf of other staff.
- If the concern is urgent and needs immediate attention, then the DSL must be called for.

Recording and reporting for meri-lock holders

- Only senior staff with meri-lock keys can add information about behaviour, attendance and relevant SEND information.
- The record should be identified by a specific category.
- Names and contact details of any allocated social workers and external agencies for reference should be added and updated.
- Siblings should be added as linked students
- All relevant telephone calls with agencies, social workers and parents/carers must be recorded on CPOMS.
- The CPOMS record should be treated as a chronology of events and should contain any information pertaining to the case or student.
- If meeting notes are received from external agencies at a meeting the date and time of the meeting needs to be added to CPOMS on that date and uploaded.
- If meeting notes are recorded by a designated officer at a meeting it is preferable that these are typed in order to be uploaded onto CPOMS and to ensure a manageable workload.
- All paper records can be scanned and uploaded onto CPOMS.
- All associated steps taken following an incident must be logged as actions, not separate incidents.
- Behaviour incidents must be added by key stage leads with associated actions, letters to parents and post incident learning added to the initial incident as an action.
- Other students involved should NOT be added as linked students. All children should have separate logged incidents.

Notifications and Information Sharing

- Notification settings must only be amended with approval of the headteacher and DSL.
- Information on CPOMS can be used to review pupil outcomes, progress and development. This can be requested by other professionals where relevant and by senior staff within the school. All requests to share information must be referred to the headteacher and DSL. Only the headteacher and DSL can approve requests.
- Meri-lock holders, and senior staff who receive notifications, must read all notifications they are made aware of.
- Senior staff have a duty to ensure their dashboard is 'healthy'.

Transition and Transfer

- Only the HT or DSL can authorise pupil information transfer
- Prior to the transfer being authorised, the DSL must call the receiving institution to confirm the pupil is on roll.
- Transfers must be made (or rejected) within one week of the request.
- This only relates to electronic records on CPOMS.
